Certification Criteria

Certified Power Yoga Teachers from Halifax Yoga must possess the skills and abilities necessary to safely and competently teach Power Yoga.

We reserve the right to withhold certification from any student who fails to develop these skills.

Every attempt will be made to provide input throughout the program about teaching deficits that might impede certification. Program instructors will use the following criteria to establish student eligibility for certification:

1. Practice Teaching: Throughout the program participants will be asked to teach. All aspects of the student's performance will be graded including timing of the class, sequencing, safety, physical assists, etc.
2. Attendance: Once the YTT program has begun there are no refunds or changes. Concessions can be made for medical reasons with a doctor's note.

If time is missed during the YTT program, content must be made up from other participants. Students are required to make up the hours missed by attending and paying for another approved program at Halifax Yoga or a private session with a Certified Yoga Alliance teacher as approved by Sherry. Participants will be given the standards needed to make up time as all hours must be made up and would be paid at an additional expense to the student. Participants must make up these hours and the content in order to receive their certificate of completion.

Tests

Students will be required to write tests from time to time. Students who receive less than 70% will be required to re-take the test or demonstrate that they understand the material.

Agreement

I have read and understand all the above criteria for certification as a Power Yoga Teacher through Halifax Yoga Studio. I agree to meet all requirements outlined in this document.
